

THE FAMILY SONG

A
Some families have two dads

A
Some families have two mums

A
My family has one of each

A
But they live in separate homes

A
No matter who you are

D E
Or where you live in the world

A
Your family's your family

D E D
Big or small (RPT)

Chorus:

A D A E
Family is good, they help you get along

A D A E
Family is there, They make you feel strong

A D A E
Family is good, They help you belong

A
It's your family

A
It's your family

A
And that's good

Some kids live with grandpa

Or with their grandma

Some kids have a brother

Or two sisters

Some kids live with uncles

Or with their aunt

Some families are so big

They need two cars

Chorus:

A (Entire verse sits on A)

They brighten up your day

When all your skies are grey

They make you feel so tall

When you feel so very small

They make you smile

When you've been frowning for a while

They help you sing along

When you have forgotten

The words to the song

Chorus x2:
