

BENNY
TIME

I AM A BIRD

(G
At the first light of the sun
(G
When the day has just begun
(
I open up my wings
G D
And take off into the sky

Why

Chorus:

D (G
I am I am a bird
D (G
Flying above the world
G D ()
With the earth far beneath my feet
(D ()
And my wings out on the breeze
D () G
I am I am a bird

(G
My feathers out stretched
(G
Sailing through the clouds

(G
Spinning around upside down
D
Chirping loud

Chorus:

Ruffling my feathers
Or shaking my tail
Pecking at the fruit on the trees
Or asleep in my nest

Chorus:

And I can see rockets and planes and kites
Watching people try and fly
I think it's kinda funny
My feathers are better than any metal wings
I'd rather be a bird than any of those things
